

School for Social Work Deadline:
April 10: All programs and sessions

HEALTH FORM PACKET: REQUIRED OF ALL STUDENTS

- ▶ All pages must be completed with name, date of birth, and Smith ID number, and signed as indicated.
- ▶ All students must submit proof of required immunizations and tuberculosis screening.
- ▶ Refer to our website for additional forms, FAQs, and tips to find past records and low-cost clinics.
- ▶ Primary care providers, walk-in/urgent care clinics, and most U.S. retail pharmacies are able to provide tuberculosis testing and administer vaccines.

Important notes:

- ▶ Health holds will be placed on student accounts until all requirements are met.
- ▶ You must provide proof of all required information by your program deadline and prior to registration and orientation.
- ▶ If you are unable to complete all doses in a series of vaccine (i.e., Hepatitis B, MMR, Varicella) by this time, you must submit proof of at least one dose per series. We will adjust the dates of your health holds as needed to minimize inconvenience. Students are not able to register for classes and/or progress to practicum placement until complete documentation has been provided and your health file is cleared. Federal loans may be impacted if your account is on hold.

Page 1: Student Information and Emergency Contact.

Page 2: Immunizations: Submit proof of required immunizations OR immunity by blood test.

- Upload the enclosed form, completed and signed by your physician, OR a copy of your immunization record.
- Questions about vaccine waivers should be directed to healthservices@smith.edu.
- Current requirements are:
 - MMR vaccine: 2 doses OR copy of a blood test showing immunity.
 - Hepatitis B vaccine: 3 doses OR copy of a blood test showing immunity.
 - Varicella vaccine: 2 doses OR copy of a blood test showing immunity OR physician-verified disease.
 - Tdap (Adacel or Boostrix) vaccine: 1 dose of TDAP in past 10 years. (Provide record of childhood series, if it is available).
 - Meningitis MenACWY/MCV4 vaccine: 1 dose since age 16 (ONLY for students 21 years of age or younger).

Page 3: Tuberculosis Risk Screening: Date of screening must be *within 3 months prior to matriculation*.

- Tuberculosis screening questions must be completed and signed by the student or legally responsible parent/guardian.
- Testing is needed ONLY if a student answers YES to any of the items on the screening questionnaire.

Page 4: Tuberculosis Medical Evaluation: Complete only if you answer YES to questions on page 3. Date of testing must be *within 3 months prior to matriculation*.

- Medical provider (MD, DO, NP, PA) review and signature required, if you answer YES to questions on page 3.
- Submit copies of written blood test report(s) and/or chest X-ray report(s), if applicable.

▶ **UPLOAD YOUR COMPLETED PACKET TO OUR CONFIDENTIAL PATIENT PORTAL.**

(<https://smith.medicatconnect.com>)

- Online instructions and additional forms are available at smith.edu/health.
- You may mail or fax records if needed.
- Do not email forms, health records, or test results. They will not be accepted.

QUESTIONS? Please contact healthservices@smith.edu or call 413-585-2800.

UPLOAD all information.

We do not accept emailed information due to confidentiality concerns.

Keep a copy of all information sent.

IMMUNIZATIONS

- ALL students must comply with Massachusetts School Immunization Requirements.
- Submit a copy of your immunization records OR this form, signed by your health care provider.
- If titer blood tests were performed, a copy of the blood test result is required.

Failure to meet all requirements by the deadline will result in a hold on all student accounts.

Most U.S. retail pharmacies and walk-in or urgent care clinics can provide and administer vaccines.

| REQUIRED IMMUNIZATIONS: Include dates of administration in MM/DD/YYYY format | Date Dose 1 MM/DD/YYYY | Date Dose 2 MM/DD/YYYY | Date Dose 3 MM/DD/YYYY | Date Dose 4 MM/DD/YYYY | TITER: Date and Result <i>Include copy of results if titers are performed</i> |
|--|---------------------------|---------------------------|---------------------------|---------------------------|--|
| Tetanus-Diphtheria-Pertussis Completed childhood primary series (date of final dose of DTP/DTaP) | | | | | N/A |
| Tdap (Adacel or Boostrix) 1 dose within 10 years | | | | | N/A |
| Hepatitis B (Specify if Heplisav-B) 3 doses (0, 1 month, 4-6 months apart) or positive titer (lab report required) | | | | | |
| MMR: Measles, Mumps, Rubella MMRV: Measles, Mumps, Rubella, Varicella 2 doses of MMR or MMRV 1st dose <i>after 12 months of age</i> 2nd dose <i>at least 28 days after dose 1</i> or positive titers for each (lab report required) | | | | | |
| Varicella (Chicken Pox) 2 doses 1st dose <i>after 12 months of age</i> 2nd dose <i>at least 28 days after dose 1</i> or positive titer (lab report required) or <i>provider-verified medical documentation of disease with date</i> | | | | | |
| Quadrivalent Meningitis (Students age 21 or younger) (MenACWY/MCV4/Menactra/Menveo) 1 dose <i>on or after age 16</i> | | | | | N/A |

I HAVE REVIEWED THIS HISTORY WITH THE STUDENT AND ATTEST TO ITS ACCURACY.

If the answer to all of the above questions is **NO**, no further testing is required.

If the answer to ANY of the questions above is YES:

- The Tuberculosis (TB) Medical Evaluation form must be completed (page 4).
- You are required to have an Interferon Gamma Release Assay (IGRA blood test) or a Tuberculin Skin Test/PPD (TST) if IGRA is not available. This must be dated no earlier than May 1, 2024.
- If a Tuberculin Skin Test is completed, an IGRA blood test will be required upon arrival.
- A CHEST X-RAY is REQUIRED before arrival on campus for any positive IGRA blood test or skin tests.

| Signature of legally responsible parent or guardian | Date |
| <i>Required of all students under 18 years of age</i> | |

This page is to be completed by the student/family. Upload this completed page to the patient portal at smith.edu/health. Your health care provider's office may fax this form, test results, and a copy of your immunization records to 413-585-4639.

Last Name _____ First Name _____ Date of Birth ____ / ____ / ____ Smith ID# 99 _____
MM DD YYYY

TUBERCULOSIS (TB) MEDICAL EVALUATION

Please Note: Failure to provide complete documentation will result in the inability to travel to campus, register in classes, or participate in college-related events. Any person currently being treated for active TB will be required to provide documentation of treatment and meet with a medical provider upon arrival. **Any person being treated for active TB without documentation will not be allowed on campus.**

1. Does student have past or current diagnosis, signs, or symptoms of active tuberculosis disease? NO YES

Students with a history or current diagnosis of active tuberculosis must provide the following:

- Documentation from a tuberculosis specialist indicating that the student is **no longer infectious** and including treatment details:
 - Name(s) of medication, dose, frequency taken
 - Duration of treatment, start date(s) of treatment, date(s) treatment completed
 - Copies of all sputum results and chest X-rays

2. Interferon Gamma Release Assay (IGRA): Required if any YES answers on page 3 or for any positive skin test.

Type of Test: TSpot.TB test OR QFT-GIT Date of Test: _____ **Must be dated no earlier than May 1, 2024.**

Result: Negative____ Positive____ Indeterminant____ (If Indeterminant, repeat IGRA testing will be required.)

- If IGRA is negative, no further action is required.
- If IGRA is positive, a chest X-ray is required.
- Please attach lab results.
- If IGRA is not available, complete section 3 below.

3. Tuberculin Skin Test/PPD (TST): Only complete if IGRA testing is not available. Must be dated no earlier than May 1, 2024.

Please note: An IGRA blood test will be required upon arrival.

Date given ____ / ____ / ____ Date read ____ / ____ / ____ Result: _____ mm of induration, transverse diameter
MM DD YYYY MM DD YYYY

Interpretation: Negative Positive (Chest X-ray required)

Interpretation of Tuberculin Skin Test guidelines: Interpretation is based on mm of induration and risk factors below.

| Risk Factor | Result is considered POSITIVE if induration is equal or greater than: |
|---|--|
| Close contact with an individual with infectious tuberculosis | 5 mm or more |
| Born in a country that has a high rate of tuberculosis | 10 mm or more |
| Traveled or lived for two weeks or more in a country that has a high rate of tuberculosis | 10 mm or more |
| No risk factor (Test not recommended) | 15 mm or more |

4. Chest X-ray: Required if IGRA is positive OR if skin test is positive. Must be dated no earlier than May 1, 2024.

- Date of chest X-ray ____ / ____ / ____ Result: Normal ____ Abnormal ____ *If ABNORMAL, consultation with a medical provider is needed for medical clearance prior to arriving on campus.*
MM DD YYYY
- Attach chest X-ray report Attach consultation note

I HAVE REVIEWED THIS FORM AND ATTEST THAT THE STUDENT IS AT LOW TO NO RISK FOR TUBERCULOSIS EXCEPT AS INDICATED ABOVE.
